Africa*

Even though South Africa is the most advanced country in Africa with an abundance of believers there are still pockets of people who need to be reached with the Gospel. The Pedi (PEH-dee) people remain skeptical and resistant to the Gospel despite missionary efforts throughout the years. The Pedi believe their ancestors intercede before God on their behalf, so they are familiar with the idea of an intercessor. They need a consistent and strategic missionary presence living among them to provide them with a clear understanding that Christ is the perfect intercessor, the intercessor that God provides.

- Ask God to give believers wisdom and a strategic vision to reach the 3.5 million Pedi living in South Africa, Botswana and Zimbabwe.
- Pray for revival in mainline denominations of South Africa, that they would see and understand their responsibility to tell their neighbors the salvation message.
- Pray for ways mature believers can connect with existing Pedi believers to provide discipleship and leadership training.
- Pray for opportunities to break through the bondage of ancestral worship the Pedi practice, replacing it with faith and trust in Christ alone.
