People Group Profile

Deaf

The greatest challenge among the deaf of Mali is that the population is not gathered into a central area. Additionally, education and interpretation for the deaf is extremely limited, even in churches with deaf members.

Those preparing ministry among the deaf must be willing to travel to many strategic locations within Mali. Communication with and working through the various associations is essential and will prove beneficial in organizing special gatherings of the deaf populations.

Christian resources available include complete Bible, tracts and Scripture portions.
