People Group Profile

Pedi

Even though South Africa is the most advanced country in Africa, with an abundance of believers, there are still pockets of people who need to be reached with the Gospel. The Pedi people remain skeptical and resistant to the Gospel despite missionary efforts throughout the years.

The Pedi believe their ancestors intercede before God on their behalf, so they are familiar with the idea of an intercessor. They need a missionary presence among them to provide them with a clear understanding that Christ is the perfect intercessor, the intercessor that God provides.

Christian resources available in the language include complete Bible, audio New Testament, audio recordings, JESUS film, videos and tracts.
